Description

Eucerin Even Pigment Perfector Dual Serum brings together two serums that work in different ways:

-Thiamidol: an effective and patented ingredient that acts at the root cause of hyperpigmentation is clinically proven to reduce hyperpigmentation, preventing its re-appearance with regular usage

-Hyaluronic Acid: one of skin's most effective moisturizing substances helps skin to attract and retain moisture

The light emulsion reduce dark spots and prevent their re-appearance while renewing skin's look. First results are visible after two weeks and improve continuously with regular use. Thus, skin is smooth, even and radiant.

Use:

Apply Eucerin Even Pigment Perfector Dual Serum once a day (morning or evening) to clean face, neck and décolleté

Press the middle of the top of the dispenser to ensure you release the same amount of both serums. When you first use the product, you may need to push three or four times before the serums appear.

Gently massage into skin

Avoid contact with eyes
