### Description

Eucerin Hyaluron-Filler + Elasticity Eye Cream SPF 15 is an anti-aging eye cream that plumps up deep wrinkles and improves skin's elasticity. The unique formula delivers multiple anti-aging benefits. With Eucerin's innovative blend of both high and low molecular Hyaluronic Acid and Arctiin (an active proven to accelerate collagen renewal in skin cells) it visibly plumps up even deep wrinkles for smoother, firmer skin around your eyes and a radiant, awake look.

In addition, Eucerin Hyaluron-Filler + Elasticity Eye Cream contains SPF 15 and a UVA filter for protection against rays. Thus, it can deepen wrinkles and speed up the skin aging process. It is fragrance-free, non-comedogenic, ophthalmologically tested and suitable for use with contact lenses.

### Use:

Apply in the morning and evening to face, neck and décolleté

Dot a pea-sized amount underneath and around your eyes.

Avoid direct contact with eyes.

## Eucerin Hyaluron-Filler + Elasticity Eye Cream SPF15

---

For best results, use in combination with Eucerin Hyaluron-Filler + Elasticity Day SPF 15, Eucerin Hyaluron-Filler + Elasticity Night and Eucerin Elasticity + Filler Facial Oil.  
Follow with Eucerin Sun Fluid Photoaging Control SPF 50 or SPF 30 when exposed to sun.
