Description

Description:

Eucerin Hyaluron-Filler + Elasticity Night is an anti-aging night cream that plumps up deep wrinkles and improves skin's elasticity. The unique formula delivers multiple anti-aging benefits. Eucerin's innovative blend of both high and low molecular Hyaluronic Acid visibly plumps deep wrinkles. Arctiin (an active proven to accelerate collagen renewal in skin cells) works alongside Silymarin (a powerful antioxidant that protects collagen and elastin from degrading and improves skin circulation at a cellular level). Skin feels firm and smooth and looks fresh and radiant.

Eucerin Hyaluron-Filler + Elasticity Night also includes Argan Oil. Rich in skin-caring lipids, this supports regeneration and smooths skin's surface overnight.

Features:

- Rich texture,
- Non-comedogenic,

Eucerin Hyaluron-Filler + Elasticity Night Cream

-Lightly fragranced

Use:

Apply in the evening to a well-cleansed face, neck and décolleté

Gently massage into the skin

Avoid contact with eyes

For best results, use in combination with Eucerin Hyaluron-Filler + Elasticity Day SPF15 and Eucerin Elasticity + Filler Facial Oil
