Description

Hyaluron-Filler + Volume-Lift Eye Cream SPF 15 plumps up deep wrinkles and firms skin in the delicate eye area while protecting all skin types from the sun. Moreover, Hyaluron-Filler + Volume- Lift Eye Cream helps to restore lost volume and firms the skin around the eyes for a lifting effect. Consequently, both fine lines and deep wrinkles are visibly reduced.

With SPF 15 and UVA protection, the ophthalmologically-approved anti-aging cream helps to prevent photoaging (premature skin aging caused by the sun) as well as deepening of wrinkles.

**Key Ingredients:**

- Magnolol in this eye cream increases both the size and number of volume-giving cells 1
- Oligo Peptides stimulate the collagen network for a firmer skin structure
- Hyaluronic Acid intensively moisturizes skin and plumps up deep wrinkles.

## Hyaluron-Filler + Volume-Lift Eye Cream

---
