Description

Description:

Eucerin Natural Caring Oil has been developed specifically for the needs of dry sensitive skin, even during pregnancy. It contains Vitamin E and high-quality, pure vegetable oils that are rich in Linoleic Acid, an unsaturated fatty acid that strengthens the skin's natural barrier function. The oil massages in easily and is quickly absorbed. Applying with regular massage will stimulate blood circulation, enhancing skin's elasticity and diminishing the appearance of stretch marks.

Directions:

Apply the oil twice daily on affected areas. Gently massage in circular motions until completely absorbed.
