### Description

**Description:**

Eucerin UreaRepair PLUS Washfluid 5% Urea contains very gentle cleansing agents, making it suitable for cleansing dry to extremely dry skin. It is further enriched with Urea and NMFs that bind moisture into the stratum corneum (the upper layer of the skin). The formula is ideal for daily cleansing as it moisturises skin, and supports its natural barrier function. Suitable for mature skin and those with Psoriasis.

**Use:**

Apply a small amount of the body wash, massage gently into a lather and apply on your skin  
Rinse thoroughly  
For best results, use in combination with Eucerin UreaRepair care products
