### Description

Eucerin UreaRepair PLUS 5%Urea Lotion gives dry, rough as well as bumpy body skin the daily care it needs. It contains a unique combination of ingredients – Urea, Ceramide and other Natural Moisturizing Factors (NMFs). These bind moisture in and repair skin's natural protective barrier to prevent further moisture loss. The formula is both clinically and dermatologically safe. It delivers immediate relief. Moreover, it provides intense, long-lasting moisturization. Eucerin 5%Urea Lotion also delays dryness and roughness for up to 48 hours. Consequently, skin is intensely moisturized, smooth and soft.

### Features:

- Oil-in-water emulsion
- Absorbs quickly
- Non greasy
- Fragrance-free lotion

## UreaRepair PLUS 5%Urea Lotion

---

-Suitable for those with mature skin and/or diabetes.

### **Use:**

Apply UreaRepair PLUS 5%Urea Lotion as frequently as required. Consult a physician before using in conjunction with topical medication or on infants and toddlers.
