Femibion Pregnancy 1 is a dietary supplement specifically designed to meet the nutritional needs of pregnant women, from their desire for children and during pregnancy. Femibion Pregnancy 1 contains vitamin B9 in two forms: folic acid and Metafolin® directly active and easily assimilated by the body.

- Two forms of vitamin B9: Folic acid and Metafolin®, which ensure the supply of folate, for the proper preparation and proper development of your pregnancy.
- Of B vitamins (B1, B2, B3, B5, B6, B8 and B12), vitamins C, D and E.
- Iron, which contributes to the normal formation of red blood cells and hemoglobin.
- Iodine, which contributes to good thyroid function.

**Use:**
Take 1 tablet daily with a glass of water, from the desire for children (Case contraception).
