Description

Description:

FERTILIA FOR MEN + L-Carnitine is an all-natural supplement that provides minerals and vitamins. These components, which have been the subject of clinical and scientific studies, have been shown to optimize sperm motility, enhance the integrity of their DNA and, overall, increase male sperm count. suffering from infertility problems. FERTILIA FOR MEN + L-Carnitine combines the power of L-Carnitine with vitamins A, C, E, B12 as well as selenium and zinc to increase sperm count and improve overall health and mobility.

Made in Canada

Use:

1 tablet daily with food, a few hours before taking other medications
