Description

Description:

Fillerina Plus Eye and Lip Contour Cream is a daily treatment with a filler effect all over the face. Nourishing, to be used alone or in combination with other Fillerina Plus preparations. Corrects wrinkles around the eyes and the lips while adding volume.

Available as grade 4 or 5 depending on skin type.

Fillerina Plus Eye and Lip Contour Cream contains a blend of six Hyaluronic Acids to visibly reduce signs of aging around the eye and lip areas.

Ideal for reducing the visible signs of wrinkles and fine lines. This innovative beauty necessity fabulously smoothes facial creases effortlessly and effectively while enforcing the skin's natural elasticity. This revolutionary targeted anti-aging cream also helps to regain the skin's natural plumpness thanks to Vitamin E, Rice Bran and Sweet Almond, all of which help to repair the skin's cells, strengthening and fortifying fragile

areas around the lips and the eyes.

Use: Apply in the evening on a cleansed face. Avoid contact with eyes.

Tip: For optimal results, use in conjunction with the Fillerina Plus Day Cream Grade 4 at the day and the night Cream at night. The skin will continue to build the hyaluronic acid molecules and improve over time.
