Description

Description:

Inspired by the latest Filorga innovations, this serum combines two formulas (zero wrinkles concentrate + intense lifting gel) to visibly reduce all types of wrinkles

Benefits:

Contraction wrinkles: a tripeptide-hexapeptide duo to relax the features without freezing facial expressions.

Deep wrinkles: a trio of hyaluronic acid-based active ingredients to visibly plump deep wrinkles.

Surface wrinkles: exfoliating gluconolactone combined with a peeling-effect active ingredient to smooth micro-cracks in the skin.

Fatigue wrinkles: a duo of matrikines to tone up the skin's mattress and smooth out the features.

Use:

Apply daily, in the morning and/or evening, before your day cream and/or night cream.
