Description

Description;

ALL FILORGA'S AESTHETIC MEDICINE EXPERTISE, WITHIN A CREAM TO VISIBLY REDUCE ALL TYPES OF WRINKLES, NIGHT AFTER NIGHT.

Night after night, all types of wrinkles are smoothed, and the face looks rejuvenated. The skin is smoother and the complexion is fresh and rested when you wake up.

Smooth cream-gel texture

How it works?

Contraction wrinkles - A hexapeptide to relax the features without freezing facial expressions.

Deep wrinkles - A powerful collagen booster combined with encapsulated hyaluronic acid to visibly plump deep wrinkles.

Surface wrinkles - Exfoliating gluconolactone combined with a peeling-effect active ingredient to smooth micro-cracks in the skin.

Dryness wrinkles - A plant extract that retains water to sustainably reduce dehydration lines.

Filorga Time-Filler Night

Use:

Apply in the evening to the entire face and neck after cleansing. Massage in until it is absorbed.
