Description

Flents Insty Splint helps support and protect an injured finger during the healing process.

Features:

- Thick foam padding keeps finger dry and comfortable
- Adjustable hook and loop straps stabilize and prevent re injury
- Four-sided tapeless design fits any finger

Use:

Place the finger in center of splint and gently apply pressure around splint to mold fit.

Flents Insty Splint

Fasten strips to hold splint in place. Splint should be snug, but not tight
