Description

**Description:**

Galénic Teint Lumière DD SPF 25 Beauty Perfection 40ml (nude) with lightly powdered texture, easy to apply for a velvety finish, is a tinted care that has been specially created to protect the skin and even the complexion.

The main component of its formula, the Amazonian Uncaria with antioxidant properties is here combined to other active ingredients such as: the betaine and a moisturising glycol, mineral pigments with an oil protection, for the light and the fusion with the skin, absorbing powders for a velvety peach skin effect, but also anti-UVA and UVB protective filters, and hyaluronic acid to replump the skin.

Results: the skin is perfectly protected all day long, it is also evened and sublimated.

### Directions:

Apply alone or after your usual day care.

Indication : To protect the skin and even the complexion.
