Description

Description:

GinsengPlus contains titrated and standardized Panax Ginseng, Guarana and Cola extracts, with L-Carnitine, Creatinine, Vitamin C, Vitamin E and Siberian Ginseng.

This formulation promotes the production of energy within the body's cells by supporting various metabolic processes.

Carnitine improves & increases energy production within cells by transporting fatty acids to the sites of their metabolic activity.

Creatine contributes by helping to build & maintain cellular energy reserves

Use:

For a proper integration, it is suggested the intake of 1-2 capsules daily with some liquid, preferably in the morning.
