Description

Description:

90% of men will have a less-than-optimal prostate health at one point in their lives. ProstElite is a doctor-developed formulation, based on the latest clinical studies (DRcaps)*, that combines many innovative ingredients that work synergistically to improve prostate health. Its formula contains standardized extracts of all botanicals that have been shown to be essential for better prostate function. These extracts also reduce inflammation and pain associated with prostatitis, with no side effects. In addition, ProstElite is rich in antioxidant which reduce oxidative stress on the prostate and enhance the immune system. A better prostate health means better sexual health. ProstElite will improve your sexual performance and maintain a healthy libido. The unique association of ProstElite will ensure a healthy prostate, and maintain a normal urinary and sexual function, keeping you feeling young and energetic.

*DRcaps, the most advanced capsules, offer many advantages:

- 100% plant origin
- Targeted delivery in the small intestine

- Protects the important ingredients from being destroyed by stomach acid
- Prevents any reflux or aftertaste
- Low moisture content increases shelf-life and efficacy.

Use:

Take 2 capsules daily, 30 minutes before food, with a full glass of water.
