Description

Description:

Anti-hair loss formula contains a unique, specifically formulated active substances complex proven to stop hair loss and stimulate healthy hair growth:

-Biotin (vit.B7):

Prevents hair dryness, increases hair elasticity, and prevents hair breakage especially after pregnancy and nursing.

-Keratin:

The hair builder which is the main component of hair and the essential building block for healthy hair.

-L-cystine:

is the key component of hair keratin, it increases the diameter of hair shaft so restores natural thickness of damaged hair due to coloring and straightening agents.

-Thiamine:

Hairtone for Strong Hair

Helps to prevent hair loss due to emotional upset.

-Para amino benzoic acid:

Has a positive effect in the pigmentation of hair so it delays the appearance of grey hair.

-Medicinal yeast:

Provides trace element and vitamins which activate metabolism and stimulate the growth of existing hair cells, improve the texture and strength of hair and cure brittle dry hair.

-Tocopherol Acetate (vit.E):

is a great stimulant for hair growth, potent antioxidant which delays hair graying and prevents split ends

-Calcium Pantothenate (vit.B5):

Increases blood supply and energy production in hair follicle, supports regeneration of damaged ones

-Pyridoxine hydrochloride (vit.B6):

is a hair growth promoting agent which helps to regulate hormones and inhibits hair loss

-Riboflavin phosphate (vit.B2):

Searches out damaged hair and begins the repair process
