Description

Description:

A structuring anti-aging cream to help compensate deficiencies due to skin aging and hormonal changes. A soothing cream to fight sagging, help reshape the face and comfort the skin. The skin is smoother and visibly firmer. Perfectly hydrated, it recovers suppleness and tonicity. The skin is nourished, tightness and discomfort sensations are reduced, elasticity is regained. HORMETA's specific trace elements complex with high-technology active ingredients for a firming, hydrating, reshaping and antioxidant effect:

Hormeta HormeLift High Redefinition Cream

amber algae, virgin argan oil, plant-based squalane, shea butter and a natural association of soya and wild yam.
A meltingly rich and divine texture.

Results:

84% Skin is suppler.
Feelings of tightness and discomfort are reduced 84%
Skin is nourished and better hydrated 84%
Skin is smoother +41% improved
Skin is firmer +37% improved

Use:

Apply in the morning and/or evening on thoroughly cleansed face and neck.
