Description

Description:

The essential cream to delay the effects of time and restore skin suppleness. The appearance of wrinkles is significantly reduced and skin's elasticity is increased.

Three targeted areas of action: provide an extra helping of collagen, boost its synthesis and protect against collagen depletion. The skin is smoother, the overall size and length of wrinkles are reduced. The skin is strengthened. Elasticity and suppleness are restored. The skin is

visibly more beautiful and radiant.

A rich, creamy texture with a non-sticky finish. Instant softness as soon as it is applied.

Its secret, a trio of high-end active ingredients : Matrixyl® 3000, Alpinia speciosa leaf extract and marine collagen, combined with HORMETA's specific trace elements complex enriched with silicium and calcium.

Result:

The skin's elasticity is restored 74%

Skin is suppler 82%

Skin is protected 87%

Skin is fortified 78%

+ 85% cutaneous hydration for up to 3 hours after application.**

Use:

Apply in the morning on thoroughly cleansed face and neck.
