### Description

Description:

Triple Hyaluronic Acid techno stick, enriched with Gold powder. The gold particles have regenerative and protective qualities against the aggression of free radicals, help to stimulate and regenerate the dermis and thus to preserve the skin from aging, making it brighter, vital and compact. It is said that Cleopatra is the same every night veneer on the face with gold dust to make it shine. For filler-volumizing GOLD DIAMOND action promotes cell regeneration and gives deep hydration, for compact and smooth lips. [The presence of colloidal gold powder ensures an ultra bright colorless finish and a fascinating 3D effect.](#) Her sweet and intense fragrance conveys a pleasant warm feeling that wraps her lips.

EPH GOLD DIAMOND contains 3 different types of Hyaluronic Acid:

- CROSS-LINKED to plumping action
- MICROSFERE High Molecular Weight for maximum hydration
- MICROSFERE LOW MOLECULAR WEIGHT for plumping action

**8 ensures synergic actions:**

1. AGEING
2. FILLING
3. REGENERATING
4. VOLUME
5. MOISTURIZING
6. SMOOTHING
7. LIGHTING
8. PROTECTIVE
