Description

Description:

Skin Cleansing Gel is a mild, skin-friendly cleansing product for all skin types, and is especially suitable for sensitive skin. It reliably and effortlessly removes particles of dirt, make-up and excess sebum. The skin is then pleasantly refreshed and feels clean without any unpleasant sensations of tension. All of the contents are carefully selected so that the gel can also be used to remove eye make-up. The gel cleanses thoroughly without irritating this sensitive area of skin or stressing it unnecessarily due to intensive rubbing.

After cleansing with Skin Cleansing Gel, the skin is thoroughly cleansed and perfectly prepared for the subsequent active substance products. Especially suitable for application in the beauty salon, as it contains no fruit acids unlike Prime Cleanser.

Purpose and function

- Gentle and soft cleanser for all skin types
- Suitable for the face and eye area
- Suitable for contact lens wearers
- Cools and refreshes even during cleansing
- Non-greasy
- Does not dry out the skin, does not leave behind a feeling of tension

Inspira:med Skin Cleansing Gel

Use:

Please remove make up from the eyelids and eyelashes always before the facial cleansing. When doing this use of a fresh pad coated with Skin Cleansing Gel is preferable. Apply the pad, allow to work in briefly and stroke gently over the eyes, from the roots to the ends of the eye lashes. Avoid rubbing and pulling on the eyelids, simply to prevent the mixture of cleanser and make-up residues from getting into the eyes.

Then apply Skin Cleansing Gel onto the face, neck and neckline and massage with circling motions. Remove thoroughly using moist compresses.
