### Description

**Description:**

ELTEANS is a food supplement that provides a combination of essential fatty acids for a balanced supplementation of omega-3 and omega-6, which form an integral part of the skin's structure.

**FOR WHOM ?**

From 3 years of age to adult:

- Dry to very dry skin
- Aged-related dry skin
- Winter dry skin

Made in France

**Use:**

Adults: 4 capsules per day for 15 days, then 2 capsules per day, to be taken with meals. Renewable 2-month course of treatment.

Children from 3 to 12 years: 2 capsules per day for 15 days, then 1 capsule per day for a 2-month course of treatment, to be repeated 2-3 times a year.

For children, cut off the bottom end of the capsule or pierce it with a clean needle. Squeeze the capsule and have the child swallow the contents, either directly or mixed in with a vegetable purée, for example.
