Description

Description:

Klorane Blond Highlights Sun Lightening Spray 125ml with chamomile and honey, on a lotion form, has been elaborated to provide radiance to blond hair, to brighten it progressively.

Traditionally used to softly lighten all shades of blond hair, the Chamomile has grown under the sun of Mediterranean. The *Matricaria Recutita L* here selected is rich in apigenin, a botanical active ingredient with natural brightening power. Chamomile flowers are collected during full bloom

Klorane Blond Highlights Sun Lightening Spray

and then dried under the sun. From their petals, the active is concentrate, source of light.

The hair naturally lightens, recovers its radiance, such as in the summer. It is more shiny and easier to style.

Paraben and silicone-free. Without hydrogen peroxide. Dermatologically tested.

Use:

Spray on towel-dried or dry hair. Do not rinse off.

Indication : To sublimate and brighten blond hair.
