Description

Description:

Intensify your blonde colour with the Klorane Camomile Shampoo, a brightening and illuminating formulation enriched with Egyptian camomile.

The shampoo gently cleanses the hair and eradicates particles that make golden hair appear dull.

Tresses are left looking radiant and glossy.

Gentle yet effective, the *Matricaria recutita* L. species of the camomile bloom is rich in apigenine, a plant flavonoid with golden pigments that work to make blonde hair especially lustrous. Whether your hair is naturally blonde, colour-treated or highlighted, all blonde hair is made beautiful with the Klorane Camomile Shampoo.

Use:

Apply to wet hair. Work into a lather and then rinse.
