Description

**Description:**

Olea Naturae Macadamia Oil Bath and Shower Gel stems from the experience of the researchers at the Angelica Herbalist Institute. Full of essential fatty acids, macadamia oil is a godsend for those who want to nourish particularly dry or tired skin and keep it looking beautiful: it maintains an optimal hydration level for your skin, ensuring it remains soft, supple and bright. The macadamia oil used in L'Angelica Olea Naturae Bath and Shower Gel is cold-pressed to ensure as many of its natural properties as possible are retained. Paraben-free, paraffin-free and silicone-free.
