Description

Description:

You suffer daily from dandruff caused by an imbalance on the scalp. You see dandruff on your shoulders, your scalp and in your hair. Sometimes this dandruff condition is accompanied by itching and tingling.

This intense treatment for persistent dandruff enriched with zinc pyrithione, an active ingredient recognised by dermatologists to limit the development of the Malassezia bacteria, has proven effectiveness on treating dandruff. Its concentrated formula purifies the scalp, eliminates dandruff and flakes are less visible. It helps regain a healthy scalp in order to prevent dandruff formation. Sulfate and silicone-free formula with a fresh fragrance, it instantly soothes the scalp leaving hair clean, soft and shiny.

Use:

Apply to the scalp immediately after washing with Anti-Dandruff Shampoo (or Propolis Shampoo for oily scalps).

Using the nozzle, apply the cream section by section to the whole scalp. Leave for a few minutes. Emulsify and rinse thoroughly.

In case of contact with eyes, rinse abundantly.
