Description

Description:

Dry, thick hair lacks essential lipids. External factors (sun, pollution, blow-drying, straightening) aggravate dryness. Your hair is dull, rough, unruly and frizzy.

Rich in shea butter, traditionally used for its ultra-nourishing properties, this conditioning cream with its milky-balm texture and enveloping fragrance intensely nourishes and repairs the hair fibre, disentangles, gives suppleness, definition and shine without weighing it down.

Use:

After shampoo, remove excess water then spread on lengths and tips. Leave on for a few minutes, emulsify and rinse. In case of contact with eyes, rinse abundantly.
