Description

Lierac Lift Integral Sculpting Lift Cream tones facial contours, restores volumes and corrects wrinkles.

It associates a center of lifting active ingredients [mahogany extract + purple tulip extract] to the anti-aging Hyalu-3 concentrate. Moreover, it contains candolle flower oil, with moisturizing properties.

It is an innovative combination of two natural biopolymers form a film with the skin surface for an immediate stretch sensation on the face.

Furthermore, Lierac Lift Integral Sculpting Lift Cream has a fresh and deliciously flowery fragrance which combines notes of white freesia, sambac jasmine, wild berries and velvety sandalwood. Thus, it maintains a feminine touch.

Use:

Apply over face and neck each morning after cleansing.
