Description

Description:

Zinc helps to protect the cells from oxidative stress and plays a role in the process of cell division. It is also involved in immune, eye, hair, nail, skin and bone health. Zinc contributes to normal fertility and reproduction as well as helping to maintain both normal cognitive function and metabolism of fatty acids, macronutrients and carbohydrates.

CONTAINS NO: added sugar, salt, starch, yeasts, flavourings, colourings, preservatives, or animal derivatives.

Use:

As a supplement, take one tablet daily with food.
