Description

Description:

The long-lasting emollient care XEROLys 10 is the product which associates a great efficiency (10% Urea and 5% of NaCl) to a maximized use of pleasure (emulsion Oil in Water, perfume).

The URODIUM contained in XEROLys 10 is a patented active ingredient, developed by LYSASKIN research, which improves the moisturizing power of Urea (a naturally occurring hydration factor in the skin) dosed at 10% .

XEROLys 10 also contains:

moisturizers (Sodium Chloride, Glycerine, Lactic Acid, ...),

re-lipidants (shea butter, jojoba oil, beeswax, apricot kernel oil, ...) that restore the hydro-lipid film and barrier function of the skin, soothing (Allantoine, ...), enriching and repairing (Plant Sterol, Squalane, Tocopheryl Acetate, D-Panthenol, Borage Oil ...).

Use:

Apply once or twice daily after bathing or showering
