Description

Description:

A light weight daily moisturizer that helps control oil production and calms irritated skin. Your skin will look and feel great as the botanicals help control oil production and the gentle moisturization keeps your skin from feeling dry and irritated. Does not contain parabens or chemical colorants.

Key ingredients:

- Tea Tree Oil A naturally occurring essential oil which helps to fight and control bacteria.
- Peppermint Oil A natural skin soother which helps to tame reddened and irritated skin.
- Ginger Root Extract Nature's own circulation booster which helps to heal and clarify skin.
- Witch Hazel Nature's astringent which helps to minimize pores and refine skin without irritation.
- Alp Sebum Produced from the Alpine plant Epilobium fleischeri, Alp Sebum is an innovative ingredient with proven efficacy against oily skin. It is an anti-inflammatory and also reduces the size and appearance of pores. It is non-comedogenic and is ideal for products treating T-zone

oiliness and combination skin, targeting pore size reduction. It has also shown to decrease sebum production and aid in inflammation. In vivo and in vitro efficacy tests have confirmed these properties. These studies based on cultured human keratinocytes show the ability of Alp Sebum to dramatically decrease the production of pro-inflammatory cells as well as reduce sebum production thereby improving the cutaneous state.

Use:

Cleanse face with M.A. Dermaceuticals appropriate Cleanser. Pat Dry. Tone with M.A. Dermaceuticals Universal Toner to prep the skin for best possible results. Apply Breakout Control Daily Moisturizer to affected area avoiding contact with eyes. Properly balanced extracts work to tame oil production, lightly moisturizing dry skin. Chamomile and Ginger root are effective calmers to sooth and comfort. This synergy of botanicals works together to improve oil control, soothing irritations and moisturizing dry skin to help you look your best.
