Description

Description:

The environment's more damaging to skin than ever before. Pollution, stress and poor diet contribute to premature aging. Your skin needs a shield to protect against these environmental aggressors. Protect and nourish your skin with this rich botanical mask for a healthy look that will last.

Does not contain parabens or chemical colorants.

Key ingredients:

- Pollution Defense Peptide Enhances the function of skin to help eliminate toxins and minimize damaging effects of physical and emotional stress.
- Cellular Enhancing Isoflavones These organic compounds help to reduce the breakdown of collagen and prevent fats in the skin from forming aggressive compounds. Also helps to improve skin breakdown due to environmental stress.
- Black currant seed oil Rich in fatty acids, this natural oil helps to maintain healthy skin and reduce the effects of dry damaged skin offering a

M.A.D Environmental Detox Mask

more youthful glow.

-CELLDETOX® CELLDETOX® reinforces the cell detoxification process

-Helioguard 365 A liposomal preparation of mycosporine-like amino acids from the red algae plant, Porphyra umbilicalis, that naturally absorbs UV-A light.

Use:

Cleanse face with M.A. Dermaceuticals Mega Rich Antioxidant Cleansing Gel. Pat Dry. Tone with M.A. Dermaceuticals Universal Toner to prep the skin for best possible results. Apply Environmental Detox mask to face and neck avoiding contact with eyes. Let sit 5 to 10 minutes. Rinse with tepid water. Botanicals and extracts work together to protect skin cells against the harmful environmental aggressors. Destressing and detoxifying your skin will enable it to look refreshed, nourished and healthy.
