Description

Description:

The signs of aging require multiple age fighting ingredients to get you to look your best. M.A. Dermaceuticals has combined the best nature and science has to offer to give you the youth building age minimizing performance for lasting results. Our new light-weight matte-finish primers offer the appearance of flawless even skin-tone combined with a powerful anti-aging treatment base and SPF ingredients for optimum protection. Does not contain parabens or chemical colorants.

Key ingredients:

- Zinc Oxide Helps protect the skin against damages of photo-aging caused by exposure to UVA / UVB light.
- Titanium Dioxide Helps protect against sun damage using a lightweight nearly sheer formulation to protect against UVA/UVB rays.
- Dermaxyl Comprised of ceramide 2, phytosterols and palmitoyl hexapeptide-12 this powerhouse blend offers a combination of moisturizers, collagen synthesizers and skin strengtheners to help strengthen the cellular matrix, regulate skin turnover and help to minimize fine lines and wrinkles that can lead to premature aging.

-Edelweiss Extract Abundant in bioflavonoids and polyphenols this botanical can help neutralize free radicals which contribute to premature aging. It offers excellent anti-inflammatory properties to help calm and soothe dry irritated skin and also promotes healing and repair of damaged skin caused by sun exposure .

-Mangosteen Extract Polyphenols and antioxidants derived from the natural xanthone content of this fruit offer excellent protection from harmful environmental factors which can lead to premature photo aging and fine lines and wrinkles. Its potent antioxidant properties can help renew skin and offer a more luminous appearance to dry dehydrated skin.

-Lotus Extract This highly soothing and emollient extract derived from the flowers of the lotus blossom can help retain moisture and protect the delicate areas of the skin leaving it soft and supple. It can help nourish skin and fight against aging and give the skin a more youthful appearance. It also helps promote skin elasticity and repair.

Use:

Apply Photo Guard SPF 50 Matte Finish Primer to a clean dry face. Ready to go as is or follow with your favorite make-up.
