Description

Description:

MagneStar combines magnesium and vitamin B6 which are both needed for normal nerve and muscle function. It naturally relieves stress and cramps, and reduces pain associated with the neuromuscular system. It regulates the production of energy. It energizes the body during the day, and promotes better sleep at night. MagneStar should be taken as part of a healthy lifestyle, to enhance physical and mental performance, relieve stress and cramps, and promote overall well-being.

Use:

Take 1 capsule in the evening or as directed by your physician.
