## Description

Mustela After Sun Lotion is a moisturizing lotion that provides immediate comfort to the skin. Its formula is enriched with jojoba oil and cupuaçu butter instantly soothe, refresh and moisturize irritated skin after sun exposure. Also, it contains a patented active ingredient derived from avocado that strengthens the skin barrier's repair process. Its high-tolerance formula makes this product safe to use from the very first day of the baby's life.

Its ergonomic format not only allows you to use the product in any position, even when the tube is upside down, facilitating its application on the whole body of the baby, but also this product has a very light texture, thus making it an easy to spread lotion which does not leave a sticky layer on the skin. All in all, the sensitive baby skin becomes soft, smoothed, lightly scented and comforted from the sun's aggressions.

## Characteristics :

- Practical spray dispenser works in any position, even upside down, allowing rapid application to all parts of the body.
- Light and free-flowing, spreads easily over your baby's skin with a non-sticky finish.
- Delicate fragrance.

## Main Ingredients :

- Jojoba oil provides a nourishing effect, thus soothing the skin and helping on its regeneration process;
- Cupuaçu butter offers a moisturizing action, hence smoothing the skin;
- Patented active ingredient derived from avocado boosts the protective skin barrier.
