Description

Description:

Nail Tek Intensive Therapy 2 for Soft Peeling Nails' unique protein formulation helps weak, thin, soft or peeling nails by sealing the layers of nail together. With each application, Intensive Therapy 2 reinforces and thickens nails while promoting strength and flexibility.

Nail Tek Intensive Therapy 2 for Soft Peeling Nails:

- For peeling nails
- Protein formulation
- Reinforces and thickens
- Grow thicker, strong and healthy.

Directions:

Treat with one coat of Intensive Therapy II as a basecoat. Begin at the half moon, stroking toward the end of the nail. Be sure to keep all nail products away from the cuticle And skin as they may cause dryness. Apply daily for 7 days to reseal And protect free edges.
