Description

Description:

Chela-Ferr Forte is a food supplement containing Ferrochel iron (in the form of amino acid chelate) - highly absorbable form of iron in increased dose enriched with folic acid, and vitamins: B6,B12,C.

The demand of iron increases significantly during menstruation, pregnancy or breastfeeding and intensive physical efforts.

Vitamin B6 & B12 contribute to normal red blood cell formation and to normal functioning of the immune system.

Vitamin C increases iron absorption.

Folate contributes to maternal tissue growth during pregnancy.

Indication:

Iron deficiency

Tiredness and fatigue

Use:

Take 1 capsule daily after meal or otherwise after consultation with your doctor.
