Description

Description:

With regular use, this formula accelerates skin's own regeneration speed an indicator of cellular vitality and youthful skin.

The SPF 15 UVA & UVB protection system helps to protect skin from UV-induced photo ageing, cell damage and age spots. The caressing texture softly melts into the skin and is quickly absorbed, providing immediate sensations of skin comfort and efficacy.

The formula features a skin-compatible combination of cell-active ingredients*: Hyaluronic Acid, Magnolia Extract and Creatine.

- Wrinkles are reduced
- Proven improvement of firmness and skin renewal
- Skin is replenished with intense moisture
- Skin feels smooth and silky.

*in vitro studies

Use:

Apply daily on cleansed face.
