Description

Description:

NIVEA SUN Kids Moisturising Sun Lotion provides highly effective protection against harmful UVA/UVB rays for children's delicate skin. As well as protecting against sunburn and long-term skin damage, this sunscreen for children also effectively reduces the risk of sun allergies. The caring formula is extra water-resistant and moisturises kids' skin as it protects. Now with Clothing Protection to help UV filter induced stains to wash out more easily- compared to previous formulas.

Made in Spain

Use:

Apply generously before sun exposure and reapply frequently, especially after swimming, perspiring or toweling to maintain the original protection.
