## Description

**Description:**

**Noreva Xerodiane Plus Anti-Irritation Cream 40ml** soothes, protects and sanitizes the body and the face of the whole family, and is ideal for the baby's change.

Ideal to alleviate irritations of the epidermis, this cream has been formulated to soothe, protect and sanitize the irritated, fragilized or sensitive to irritations areas.

Its formula is efficient thanks to its complex of oligo-elements: copper sulphate, sulphate and zinc oxide, manganese sulphate. Once it is applied, it enhances the cutaneous repair, forms a protective film and limits the risk of bacterial proliferation.

The énoxolone, the glycerin, the triglycerides, the beeswax allow to soothe moisturize and nourish the skin which becomes more comfortable, is suppler and softer.

Without fragrance, paraben, phenoxyethanol, preservative, nano particle. Dermatologically tested.

**Use:**

Apply once or twice a day on the clean and dry skin.

**Indication:**

Anti irritation cream for body, face, and hands. Adults, children, babies.
