Description

Novadiet Diretik for Water Retention is indicated for adjunct treatment of excess weight-detox and drainage.

It promotes fluid retention without altering electrolytes balance due its demineralizing effect (nettle and artichoke). Moreover, it decreases appetite as well as body fats due to bitter orange.

In addition, Novadiet Diretik for Water Retention is suitable for people with thyroid problems (no seaweed).

Ingredients and their benefits:

-Horsetails, Asparagus, Orthosiphon, Green nettle and Artichoke promotes elimination of water, toxins and nitrogenous waste through the kidneys

-Bitter Orange Peel help to reduce accumulated fat by promoting the transformation of fat and energy. It also has thermogenic and lipolytic effect.

Use

Dissolve a stick pack in glass of water (200ml) or in a bottle of water (0.5 L). The first week, take 2 sticks, one in the morning and another at midday, Afterwards, take only 1 stick pack in the morning.
