Description

Description:

Nutripharma PrioticPlus Junior helps support children's natural defense systems.

Gluten-free

100% natural

Vegetarian capsules

Benefits:

- Increased nutritional value through better digestibility and increased absorption of minerals and vitamins.
- Normalization of gut function, relieving constipation and irritable bowel syndrome.
- Reduction in urinary and vaginal tract infections caused by bacteria and yeast.
- Inhibition of Helicobacter pylori, the bacterial cause of stomach ulcers.
- Improvement of kidney and liver function by elimination of toxins.

- Repopulation of beneficial flora following antibiotics or radiation.
- Improved well-being and optimal physical and mental health.
- Prevention of atherosclerosis by reducing blood cholesterol.
- Stimulation of the immune system to boost defenses.
- Increased resistance to infectious disease.
- Improvement of lactose digestion.
- Prevention of osteoporosis.
- Reduction of allergies.

Use:

From children from 6 to 11 years of age. For optimal results take 3 capsules daily (1 after each meal) for 3 months. Maintain with 1 capsule daily preferably after dinner.
