Description

Description:

Nuxe Nuxuriance Ultra Replenishing Night Cream Global Anti-Aging 50ml is a global anti-aging night cream for mature skins that restores the skin, re-draws the oval and reduces wrinkles.

This night cream is efficient thanks to its formula with targeted continuous action composed of a smart active: the bi-floral Cells (active molecules of precious Saffron flower en-capsuled in a cell of Bougainvillea) that stimulate the birth of new skin cells.

Immediately after application, the skin is smoothed and radiant. After 28 days, the skin appears younger: it is denser, like replumped. It recovers its natural radiance, the pores are tightened, the wrinkles are clearly less visible and the features are higher.

92,5% of the ingredients are from natural origin.

Paraben-free. Non comedogenic.

Use:

Apply the Nuxuriance® Ultra Global Anti-Aging Replenishing Night Cream to your perfectly cleansed face, neck and décolleté in the evening

after the Nuxuriance® Ultra Serum.

1. Warm a drop of cream between the palms of your hands.
2. Massage into your face, neck and décolleté, working upwards and keeping both hands flat. Repeat 3 times.
3. Smooth out wrinkles on your forehead by twisting both index fingers from left to right along wrinkles. Repeat 3 times.
4. Tap your fingertips along the outlines of your face and under your chin. Repeat 3 times.
