Description

Description:

Nuxe White Daily UV Protector SPF30 / PA+++ has the following features:

- A watery-textured sunscreen protection that inhibits the formation of melanin and neutralizes free radical.
- Efficacious triple protection treatment with an ultra-fluid, non-sticky texture that leaves no white film on skin.
- Unveils a brighter, nourished and even-toned complexion.

With jasmine and Shea polyphenols 365 day use, ultra fluid care. UVB + anti pollution care and a cellular protection.

Directions of use:

Shake well before use. Apply evenly on skin 30 minutes before exposing to the sun. Can be used as makeup base.
