Clear acne breakouts with 2% salicylic acid

Support a clear complexion and strengthen skin with stabilized retinol

Strengthen and protect skin with retinopeptide and plant stem cell extract technology

Uses the patented time-release OmniSome delivery system to carry ingredients deeper into the skin for superior results

Find out more about our R-OH Retinol Solutions.

Directions:

In the evening only, apply a pea-sized amount after cleansing. Use twice per week, gradually increasing application frequency to every other night, and then advancing to each evening or as tolerated. Follow with the appropriate moisturizer. Note: It is important to wear a broad spectrum SPF during the day when using this product at night, since retinol is sun sensitizing.
