Description

Description:

Emulsion for the body to prevent stretch marks. Percutalfa with an innovative formula and no preservatives, associate fatty acids and fruit acids in the form of liquid crystals. This emulsion stimulates the renewal off cells of the epidermis and strengthens the skin. Percutalfa is not greasy and penetrates very quickly into the skin. Preservative-free

Use:

Apply the emulsion in the morning and evening onto a clean, dry skin and gently massage until a complete absorption.
