Description

Description:

Ensuring an adequate intake of calcium is vital for men and women of all ages, as evidence suggests that healthy practices early in life, including the adequate consumption of calcium and trace elements, contribute to normal bone health and optimal bone mineralization.

Calvidex basic bone health formula has been scientifically developed on the latest research to provide a rich source of calcium and vitamin D which helps with the normal absorption of calcium by the body.

Use:

One to two tablets per day with a main meal. Swallow with water or a cold drink. Not to be chewed. Do not exceed the recommended intake. Store in dry place. Keep out of reach of children.
