Description

Description:

This super concentrated, non-lathering cream gently cleanses the hair and scalp while infusing hair with an unprecedented dose of care. It features narcissus flower wax to immerse hair in nourishment, softness and total beauty. It works in tandem with lipid-rich, encapsulated macadamia oil designed to optimize continuous release of the essential lipids to the hair and provides long-lasting anti-dryness protection. Ultra-dry, impossibly thick hair gets instant nourishment gratification, leaving it incredibly soft and supple without the need to condition after.

Use:

Apply a small amount to either dry or wet hair. Massage gently into scalp and distribute throughout hair. Rinse thoroughly. Do not use a conditioner after. Alternate with 'Phytoelixir Intense Nutrition Shampoo'.

Ultra-dry hair should not be washed more than 2 or 3 x per week. This cleansing care cream is ideal for those with very-dry hair who like to wash their hair to refresh their curls or those who go to the gym.
