Description

The most compact weekly pill box in the Pilbox range that adapts to your treatment! Perfect for active, working, travelling people with limited treatment needs.

### User profile:

- For people with limited treatment needs: cholesterol, diabetes, asthma, menopause, high blood pressure, etc.
- For active, working, travelling people with limited treatment needs
- For people taking wellness medications

### Benefits:

- 77 modules to organise your weekly treatment. Up to 3 compartments per module.

- Each compartment is adjustable with mobile and removable separators. Add or remove one, two or three of them, depending on your daily doses or the size of your pills and capsules. Really easy to use!
- Extremely compact and chic, its style and imitation leather design guarantee complete discretion.
- **Ideal for travel!**

### Characteristics:

- 7 ergonomic modules and up to 3 compartments per module. Each module corresponds to one day's treatment and can be removed separately to carry a full day's treatment with you.
- Compartment with removable separators. Each compartment can contain up to 4 standard-size capsules or adapt to the size of your pills.
- Easy and safe to use: the module lid opens in 2 directions to avoid any confusion during use. Daytime direction: the lid opens the 2 daytime compartments and is blocked for the third. Nighttime direction: the lid opens the 1 nighttime compartment only and is then blocked.
- Available in 2 colours: Chocolate and light grey.
- Dimensions:
  - pill box size:** 15x11x3 cm,
  - module size:** 11x2.3x2 cm,
  - compartment size:** 2.5x2x1.7cm.
