Description

Huge space for your treatment! Stuck to the wall or placed on the kitchen table, this weekly pill dispenser is an indispensable aid to take your treatment at home.

User profile:

- For sedentary and/or dependent people, who take a treatment with several medicines
- For active people, who take a treatment with several medicines

Benefits:

- A dynamic weekly pill dispenser: each module corresponds to one day's treatment. Automatic scrolling of the modules as the week advances.

- Plenty of space for storing tablets and capsules.
- Can be stuck to the wall

Characteristics:

- 7 ergonomic modules and 4 compartments per module (morning, midday, evening, night). Each square can contain up to 15 capsules of standard size. Automatic scrolling of the modules.
- Easy and safe to use: 2 directions of module lid opening avoid any confusion during use. Day-time direction: the lid opens on 3 day-time squares and is blocked for the fourth. Night-time direction: the lid opens on 1 night-time square only and is then block.
- Secure closure "Special travel": no risk of any inadvertent opening. You can take your Pilbox 7 with you everywhere.
- Sensory and visual markers to indicate each dose.
- Available in 1 colour: grey/blue
- Dimensions:
 - pill box size:** 15x13x5 cm
 - module size:** 13x4x2 cm
 - compartment size:** 3x3.7x2m.
